Greenway® Home Products

ENTERTAINMENT & GAMING CENTER

The built-in audio system is pre-wired and ready to use straight out of the box, only one connection directly to any DVD Player, Games Console or TV Receiver enables you to enjoy the incredible sound created by the GHP50BL. The GHP50BL also features an MP3 Player input so you can enjoy and control all of your favourite music via a unique and innovative sound system. System is completely controlled by the fully functional remote.

The GHP50BL speaker system is a winning combination of 2 Sub Woofers, 2 Center Speakers and 6 Surround Speakers. The LCD information display positioned in the center of the GHP50BL displays the graphics equalizer and the current sound output of the speaker system.

A special sound processor and amplifier in league with the eight built-in speakers provide rich texture and wide frequency acoustics to create a truly cinematic experience.

ENTERTAINMENT & GAMING CENTER

GHP50BL

Transform your room into an entertainment mecca. The GHP50BL will hold up to a 50" flat panel TV (TV not included), connects easily to any game system, DVD, CD or MP3 player for acoustically engineered sound.

The GHP50BL offers virtual surround sound using the walls of a room to reflect the sound all around you. The unsightly wires and masses of speakers traditionally associated with surround sound systems have been eliminated, leaving a tidy, standalone all-in-one unit.
